BURNED CHILDREN SPONSORSHIP COANIQUEM
HELPING THEIR RECOVERY

Did you know that burn scars do not grow like normal tissue? Over 6 million children suffer from burns every year in the Americas, mostly in underserved areas. Many of these young burn victims will need a long, expensive and complex treatment their families cannot afford and will spend the rest of their lives with different functional and aesthetics problems that a proper and timely treatment could have prevented.

COANIQUEM BCF is an American nonprofit that aims at financing the rehabilitation treatment of burned children from Latin American and Caribbean countries. **It is free and holistic and includes all the surgeries they will need during their growth, along with physical therapy and psychological support.** The child-centered treatment is provided by an interdisciplinary team that accompanies the patients and family throughout the recovery process. They also receive **free room and board** when needed and education at the school on campus.

The **Sponsorship Program** finances the treatments provided by COANIQUEM, a Chilean nonprofit founded in 1979 that has benefited over 140,000 patients without cost.

I WILL SPONSOR ONE YEAR TREATMENT OF _____ (child's name)

Total rehabilitation:	___ $1,000 (one-time)	___ $85/ month
Medical attention:	___ $700 (one-time)	___ $60/month
